BIOGRAPHY

DENY is a Romanian DJ and producer based in Bucharest, blending House, Afro House and Melodic House with warmth, rhythm and emotion. His music has amassed over 5 million streams and earned support from some of the biggest DJs in the world.

From playing friends' parties in his hometown on a borrowed laptop to sharing stages with many of electronic music's leading artists, his journey has taken him across Europe, Asia, South America and the Middle East.

Part of All One Records, DENY has his own residency at LOFT, Romania's biggest club, and brings his vision to life through She Knows Why, his joint project with Goldcher. Across his music, performances and projects, one spirit remains at the heart of it all: connection, joy and the belief that the best moments are the ones we share.
